

Ottawa Police - Negative

- Citizens are aware of the new integrated command centre. Neutral on it right now
- Catherine McKenney, Shawn Menard and Matthieu Fleury are the only councillors who will stick up for the citizens of Ottawa.
- Ottawa police can't do their job, need counter-protest resistance
- Don't blame the police, blame Sloly. He is the one saying nothing can be done. The rank and file are working overtime to compensate for Sloly and Watson's mistakes.
- Convoy has been allowed access to schools to harass children. No doubt this is because Ottawa police were told not to go to schools so now they refuse to help our children
- Province declares State of Emergency and yet there is zero change in Ottawa. They are not even enforcing the injunction brought on by private citizens.
- Trudeau needs to understand that policing is not the solution. The police are corrupt and compromised.
- Sloly wants extra resources so he can organize a more effective coup against citizens. Last thing we should be doing is allowing 1800 more corrupt cops into our city
- The Ottawa police are the best advertisement for "Defund the Police" we've ever had.
- High number of Ottawa citizens saying someone in police ranks is telling police not to do anything
